

Selwyn Summer Camp Themes 2019

The Great Outdoors

These weeks will include an immersive learning experience aimed at enjoying the Texan great outdoors. Campers will begin the week with a trip to the Selwyn library to research the different plants and animals indigenous to the area. With knowledge in hand, campers will take to the outdoor areas around the school collecting leaves, catching bugs, and identifying birds and other small animals - forming their very own Texas field guide. Other fun activities will include a nature scavenger hunt and various crafts using all natural materials. The weeks will end with a nature walk and fishing day at South Lakes Park.

Art Stars

During these weeks, campers will be whisked away into the colorful world of art with an introduction to drawing, painting, and sculpture presented through the lens of famous artists in history. Special activities will include a colossal group papier-mache project, paint balloon fun, a visit from an art expert, and more. After becoming familiar with different styles and mediums, campers will choose a favorite medium and create an original piece to submit at each end-of-the-week art show.

Selwyn Olympics

Selwyn will play host to this year's summer Olympics during these theme weeks! Campers will be divided into teams and have the opportunity to design their own team tee shirts and flags. After an opening ceremony, the campers will compete in various events throughout the week, some classic and some delightfully unusual. At the end of the week, after an all-day field day, campers will celebrate a final medal ceremony. The team with the highest tally of medals will take claim to the legendary Selwyn Cup.

Storytellers

During these theme weeks campers will create, produce, and star in their very own play. Guided by their counselors, each group of campers will imagine a story, write a script, design and build a set, and even make costumes! Special activities will include some drama games and a visit by a special guest! At the end of each week, the campers will showcase their productions for their parents.
